

Ferretti 70

Ferretti 70 Flybridge - 1997 | Spanish flag | Lista 6 (charter)

This Ferretti 70 is a classic flybridge yacht from one of Italy's most renowned shipyards. Built in 1997, she offers generous interior and exterior spaces, a comfortable cruising layout and the solid construction expected from Ferretti Yachts.

The yacht has a 3-cabin layout plus crew accommodation. Please note that a modification has been made to the original layout, affecting the starboard bathroom.

The interior offers a spacious saloon with good natural light, a separate accommodation area and comfortable cabins. The saloon upholstery has been recently renewed, as well as the exterior upholstery, improving the appearance of the main living areas.

She is powered by twin Caterpillar 3412 diesel engines, reported as 1,250 hp each.

This Ferretti 70 is offered for sale as is. The yacht has not been used for several years and requires an investment in general updating and refurbishment before regular navigation.

Recommended works include interior renovation, flybridge updating, cosmetic improvements, new batteries, new generator, replacement or upgrading of systems and equipment, engine checking

and servicing, gangway service and a full technical review of onboard systems.

The yacht was lifted out of the water one month ago, and the antifouling was painted.

This Ferretti 70 represents an interesting opportunity for a buyer looking for a spacious, well-known Italian flybridge yacht with strong potential, offered with a clear understanding that she requires investment in renovation, recommissioning and technical servicing.

Key features

- Ferretti Yachts build
- Year 1997
- Spanish flag - Lista 6
- Accommodation for 6 guests in 3 cabins
- Crew accommodation for 3 people in 2 cabins
- Modified original layout, affecting the starboard bathroom
