A exceptional opportunity to own a modern Puffin® 50, meticulously maintained and ready for her next adventure.

Puffins are still truly future classics with their genuine marine woodwork and pure craftsmanship in every detail. Using modern techniques and materials do not violate timeless aesthetics, when applied the right way.

For the real lover of traditional classic sailing yachts, there's still no alternative to the Puffin, with her characteristic deckhouse windows, tumble home, heart-shaped stern and slightly negative bow.

It's exactly the combination of high end Dutch built quality with a lonely position in the market that makes the Puffins remain valuable, even over a longer period of time. Designed by Olivier van Meer, this semi-custom yacht is built to cruise anywhere in style, safety, and ease of handling.

Viewing is highly recommended.

- The saloon's raised position ensures excellent visibility and a feeling of openness, making it ideal for relaxing or entertaining during passages
- The cockpit and deck layout are designed for both comfort and safety at sea
- Spacious cockpit with dual helm stations and excellent visibility
- Side teak decks for easy movement and safety under sail

Performance and Navigability

The Puffin® 50 is celebrated for her remarkable seaworthiness, variable draft, and balanced sail plan, offering access to shallow waters without compromising ocean capability.

- Variable keel system: ideal for both deep ocean sailing and coastal cruising
- Powerful yet easy-to-handle rig suitable for short-handed sailing
- Robust aluminium hull built for blue water passages
- Excellent balance and responsiveness under sail
- Reliable engine power for motoring in calm conditions
- Kohler generator

This yacht delivers a rare combination of strength, versatility, and comfort, designed for sailors who seek freedom without limits.
