Description

Nordkapp Enduro 805, a modern and versatile recreational boat. It is equipped with two 200 HP Mercury outboard engines, providing excellent performance as well as safe and stable navigation.

The engines have ONLY 57 operating hours, indicating that they have seen very little use and are in excellent condition. In addition, all the required engine maintenance has been carried out in accordance with the manufacturer's recommendations. Thanks to its design, performance, and equipment, the boat is an ideal choice for both day trips and short coastal cruises in comfort.
