ABOUT VESSEL

OUTSTANDING OPPORTUNITY - CURRENT MOORING IN MARINA ZADAR INCLUDED UNTIL MARCH 2027. Built in 2023 and commissioned in 2024, this immaculate Sunseeker 88 Yacht presents an exceptional opportunity for a new owner to enjoy privately or continue operating within a successful charter programme in Croatia. Lying in outstanding condition after serving her current owner for the past two seasons, this yacht combines Sunseeker's renowned performance with long-range capability and stabilisation. With a sleek, eye-catching profile and elegant lines, she cuts a striking silhouette on the water and represents a serious opportunity in today's marketplace, with offers now being considered.

The exterior spaces of the Sunseeker 88 Yacht are designed for entertaining and relaxation, with generous areas across the cockpit, flybridge and foredeck. A standout feature is the patented Sunseeker X-Tend system on the bathing platform, transforming the cockpit into a large lounge sunpad or creating an expansive sunbed over the water. The flybridge offers a large dining area, wet bar, second helm, sunbathing spaces and a crane, while the spacious bow provides additional lounging and dining areas. A SONOS music system ensures seamless sound throughout the yacht or within individual zones.

Inside, the Sunseeker design team has created a refined and timeless interior using light grey oak and smoked eucalyptus, complemented by tones of grey with accents of gloss silver and stainless steel. The result is a calm, sophisticated and welcoming atmosphere throughout the yacht. Accommodation is for up to nine guests across four spacious cabins, including a large full-beam master suite and a luxurious VIP, offering both comfort and privacy for guests.

This Sunseeker 88 Yacht is designed to bring people together, whether for private family cruising or charter use. Built to impress yet equally created for enjoyment, she offers the perfect platform for entertaining, relaxing and creating unforgettable experiences on the water. For more information or to arrange a viewing, please get in contact today.

KEY FEATURES AND EXTRAS CONTINUED

MECHANICAL

- MTU-Xenta joystick manoeuvring system with dual station control.
- Standby fresh water pump Gianneschi Ecoinox 2CE 24Vdc self-priming pump, pressure controlled.
- Standby pump fitted to enable both pumps to run at the same time if required
- Octo Marine Compact Water Softener required for the domestic fresh water system. Fitted in-line from the vessel's fresh water shore supply. The outlet is fitted with valves to fill either direct to tank or to the main system
- Carbon fibre and chrome overhead shower stand with socket on the stern platform
- Grey water from showers and wash basins will drain directly to sump boxes and upgraded 850 litre grey water tank. Grey water from galley services will drain either directly overboard or to grey water tank. Sump boxes pump into the grey water tank. Discharge from the grey water tank via 1 x Sealand Pump 24Vdc pumping directly over board or via a shore side suction facility through a deck fitting when available
- Trailing Pumps - Used to supply oil pressure for gearbox lubrication during windmilling situations, this may include running on one engine or when under tow. When running on one engine at 10 knots 2800 NM can be achieved
- Shore Converter 37.5 kVA. Ensures galvanic isolation from shore supply, stabilises the onboard voltage from variations in shore supply voltage. Allows connection any voltage or frequency, 1 or 3-phase
- Boat network external signal booster including twin antenna installation to boost marina Wi-Fi using the comrod AV2458P4 1.25m WLAN Antenna and a 3G/4G signal strength Poynting OMNI 402 MIMO 2 x LTE 6.2dB
- Gain Marine Antenna. This will increase the range in which Wi-Fi access will be available to the boat network
- 1 x MC5 watermaker
- Engine room storage cage
- MTU-Xenta joystick manoeuvring system with dual station control
- Standby fresh water pump Gianneschi Ecoinox 2CE 24Vdc self-priming pump, pressure controlled
- Standby pump fitted to enable both pumps to run at the same time if required
- Octo Marine Compact Water Softener
