ABOUT VESSEL

Libertas is a striking Sunseeker 90 Ocean, built in 2021 and delivered in 2022, available for sale and lying in Mallorca. Built to the bespoke specification of an experienced owner, she offers a rare opportunity to step into one of Sunseeker's most groundbreaking models with a full and highly upgraded inventory. Winner of the 2023 Motor Boat Award for Best Custom Yacht, the 90 Ocean stands out for its volume and design innovation, offering around 20% more space than other yachts in this class. Libertas is one of the few examples fitted with the larger MAN V12-2000 engines and has been customised to suit both private use and charter potential.

Every exterior space on Libertas has been maximised for comfort and usability, starting with the award-winning aft 'X-Tend' sunbed system, which cleverly converts between a forward-facing cockpit lounge and an open sunbed facing the sea. The beach club area is complete with a hydraulic bathing platform, swim ladder, built-in shower, telescopic gangway/bathing-steps, and umbrella shade. Her vast flybridge includes a fully equipped bar, lounge, electric sunroof, sunshade, and large jacuzzi under a custom deep grey hardtop to match the boot top line. Forward, the bow offers a serene retreat with pop-up lights, twin tables, sunpads, and a sunshade, perfect for entertaining or relaxing at anchor. An upgraded twin anchor system and extended chain setup provide ease and safety when mooring.

Inside, Libertas features a calm, contemporary interior with a neutral colour palette and subtle blue accents. Full-height windows in the main saloon create a bright, open atmosphere, enhanced by an L-shaped sofa, armchair, and large flat-screen TV. Unique to this yacht is a custom-built office designed by the owner, a standout feature offering the best sea views for remote working. A formal dining area sits forward, adjacent to a closed galley designed for discreet and efficient service. Accommodation is for seven guests across four en-suite cabins, including a full-beam master suite, a VIP with private staircase access, a modern double cabin, and a specially designed children's cabin with a baby-gate.
